Participate in the Kubernetes event of the year

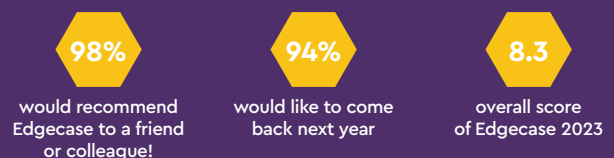

Edgecase is a Kubernetes technical event centered around sharing experiences with and knowledge of Kubernetes. A day full of high-quality (international) presentations, workshops, an interactive quiz, networking, and tech & fun challenges. In 2022, we organized the first edition of Edgecase with three sponsors and welcomed over 250 Kubernetes fans. Last year, we tripled the event space, expanded our sponsors to 10, and had the chance to build an even bigger and inspiring cloud-native event. Amazed by the tremendous response of the audience, the registrations went through the roof (33% were referrals), and we even doubled the number of attendees to 500.

We can't wait to host Edgecase again, this year in De Rijtuigenloods in Amersfoort. Join us as one of our sponsors and be part of the most in-depth and high-energy Kubernetes event in the Netherlands!

*Don't say you missed last year?
watch below for an overall impression*

Edgecase 2023 Statistics

Fact & Figures Edgecase 2024

-  24 September
-  400 – 600 Kubernetes fans
